## PROPOSES PROBE OF DISMISSALS BY HARDING

WASHINGTON, April 3.—James L. Wilmett, director, and others included among the 28 chiefs, superintendents and foremen of the bureau of engraving, removed from office several days ago by presidential order, announced today after conferring with Democratic members of the House that they would appear at the White House at 3 o'clock and demand from President Harding a public explanation of their removal.

WASHINGTON, D. C., April 3.—(By the Associated Press)—Investigation by a special house committee to determine whether dismissal by President Harding last Friday of certain officials at the bureau of engraving and printing was justified was proposed in a resolution introduced today by Representative Moore, Democrat, Virginia.

Mr. Moore asked that a committee be appointed by the speaker to ascertain why the executive order was issued and whether any investigation of conditions at the bureau provided its promulgation. The resolution also seeks to have it determined whether "the facts indicate that the order may be regarded as a step in the direction of a return to the discredited spoils system."

In hearing that the government departments were "proceeding with dispatch to the administration," Senator Harrell, Republican, Oklahoma, announced after a call at the White House today that he favored the dismissal of all government employees who were not in thorough accord with the party responsible to the country for the government.

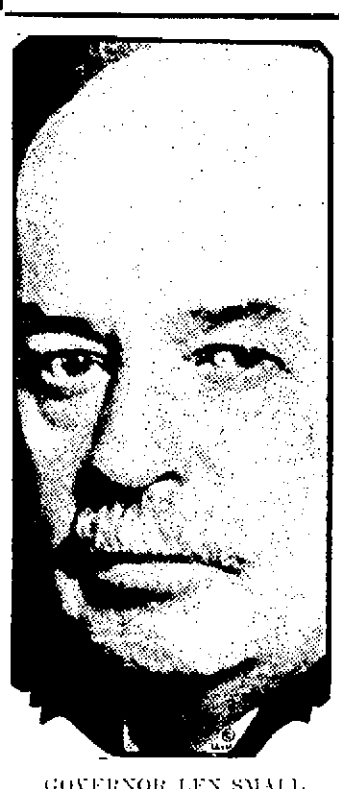

Mr. Harrell said, adding, however, that he had not discussed the proposed bill of the bureau of engraving and printing with the chief executive.

## Small Trial To Set Record As Biggest Legal Battle

GOVERNOR LEN SMALL.

WAUKEGAN, ILL., April 3.—(By the Associated Press)—Trial of Len Small, governor of Illinois, on charges of conspiracy to embezzle state funds, was on call here today. The governor was given a continuance on March 6, when he made the plea that it was necessary for him to devote his time to furthering the state's hard road program.

A venire has been summoned and all witnesses have been subpoenaed. State's Attorney Mortimer, of Sangamon county, who will have charge of the prosecution, has announced that he is ready to proceed with the case.

By NEA.  
BY ROY GIBBONS  
WAUKEGAN, ILL.—Governor Len Small, of Illinois, will face a jury in criminal court here to answer charges of having conspired to defraud this state of \$2,000,000.

The trial will go down in American history as an unprecedented event. For Small is the first governor in any state to stand trial by civil court during tenure of office.

He is likewise one of the few officials elected to high place to seek acquittal for alleged felony at the hands of the people over whom he rules.

The trial promises to be one of the biggest legal battles that ever has taken place in an American court.

Batteries of legal talent will be employed by both sides.

Cost of the trial will exceed \$500,000, according to estimates.

The bill of particulars charges: THAT the defendants falsely pretended to the state that the place of deposit for state funds was a bank when it was not a bank.

THAT certificates of deposit issued for state funds by the Grant Park Bank, operated by the Curtis brothers, were "fraudulent."

THAT defendants pretended to receive about 2 per cent for the use of the state funds, whereas the interest actually paid them ranged from 5 per cent to 8 1/2 per cent.

THAT Governor Small and Lieutenant Governor Fred E. Sterling and Vernon S. Curtis, Sterling will not be concerned in the trial here, having elected to be tried at Springfield, the state capital.

TRIAL JUDGE C. G. EDWARDS.

Small now is at liberty under \$150,000 bonds.

Deny Guilt  
He and his co-defendants stoutly deny guilt.

## Senate Agricultural Bill Has No Free Seed Provision

WASHINGTON, D. C., April 3.—(By the Associated Press)—The agricultural appropriation bill, carrying \$35,800,000, but without the item of \$360,000 for free seeds, was reported today to the senate. As turned over to the senate, the measure is \$116,300 larger than as it passed the house.

## \$334,000,000 Decrease In The Public Debt

WASHINGTON, D. C., April 3.—(By the Associated Press)—A decrease of \$334,000,000 in the public debt during March was announced today by the treasury.

## MEETING ADDRESSED BY COLLINS STOPPED BY REPUBLICAN ARMY

DUBLIN, April 3.—(By the Associated Press)—The meeting addressed by Michael Collins at Castlebar, County Mayo, last night, was stopped by members of the fourth western division of the Irish Republican army after stormy scenes in which a woman was wounded by a bullet, according to accounts reaching Dublin this morning.

Virtually Held Prisoners  
The chief of the provisional government and his party returned to their hotel, and the officer who had proclaimed the meeting at an end followed, declaring that none would be allowed to leave until Mr. Collins and his friends had surrendered their arms. The accounts received here do not state whether the Collins party was disarmed, merely saying that "some people who left the hotel were searched."

Telegraph Wires Cut  
The telegraph wires around Castlebar were cut and when the newspaper correspondents there boarded a train for Athlone, they were ordered by two officers to go to the barracks.

Held For Shooting  
A Dublin man, said to be Charles Byrne, a member of the Collins party, was arrested and accused of the shooting. Mr. Collins subsequently told the representative of the Irish Independent, Dublin newspaper, that he had visited Mr. Byrne in the barracks and found him in a cell with only a plank for a bed and no bedding. He said he had asked Commander Kilroy to parole Byrne, Mr. Collins to be responsible for him, but that the request was refused.

Shot Dead In Door Of Home  
BELFAST, April 3.—(By the Associated Press)—John Mallon, answering a knock at the door, of his home last night, was confronted by a gang of men who asked if his son was in the house. Upon replying in the negative, Mallon was shot dead. She left there with the expressed intention of going to Cleveland, but has not been heard of since.

## Lewis Outlines The Miners' Position To Congress; Blames The Operators For The Strike

WASHINGTON, D. C., April 3.—(By the Associated Press)—Union coal miners who suspended work Saturday in the nation's bituminous and anthracite fields were declared today by John L. Lewis, president of the United Mine Workers of America, to be desirous of "ending the suspension of mining operations at the earliest possible date," but "the resumption of coal production entirely depends upon the future attitude of the coal operators."

Mr. Lewis made this declaration before the house labor committee, which is holding hearings on the Bland resolution to direct appointment by the president of a commission to investigate the coal industry. Discussing the resolution under consideration, the United Mine Workers' president asserted that his organization would welcome any impartial and judicial investigation of the general conditions in the bituminous and anthracite coal industries, and especially the facts relating to investments and profits, operating practices, conservation of fuel resources, application of uniform methods of safeguarding the life and limb of the workers and industrial relations and conditions.

Investigations Should Have Full Power  
"Such an investigating body," he added, "should be clothed with full power to ascertain the truth, to take for persons and papers and to send testimony under oath. The personnel of such a commission should be free from political equations and the mine workers should be given adequate representation thereon."

As to the adjustment of controversies between operators and mine workers, he said, "We have been traditionally opposed to governmental intervention." Mr. Lewis continued, "We have been convinced by experience that such adjustments may be more effectively and equitably worked out both in the interest of the public and those engaged in the industry by conference and agreement between representatives of the operators and the mine workers."

Says Operators Broke Contract  
"If the operators had maintained their contract with us, the present deplorable conditions of affairs in the soft coal industry would not have arisen. All differences should have been settled by agreement and a suspension of work and a general break-down in the industry avoided. Our experience with labor adjustment boards of commissions, has been that representatives of the public, not having a knowledge of the technique of the coal mining industry and not being completely informed as to different conditions as might be expected, are not in a position to reach any satisfactory conclusions as those who are actively engaged in the practical operation of the mines."

Miners Regret Necessity of Strike  
"The United Mine Workers regret more than any one else the necessity for the suspension of work by the union coal miners of the country. We have done everything humanly possible to avoid the suspension. For months past we have fought hard to induce the bituminous coal operators to keep faith with us and with the government and meet us in joint conference so that a new wage and working agreement might be made."

## Lloyd George Demands A Vote Of Confidence

LONDON, April 3.—Prime minister Lloyd George appeared in the house of commons today for the first time since February 28, to ask from the house an expression of confidence in the policy of the government toward the coal industry conference. As he entered, the prime minister was greeted with cheers from the government benches.

Mr. Lloyd George said his resolution gave the house an opportunity of approving or disapproving the objects of the coal conference, and to make of the coal conference, and that if the resolution were defeated it would be equivalent to a vote of no confidence in the government.

The prime minister said the official opposition challenged not the object but the scope of the conference. He did not believe such a body as the coal conference could properly consider the revision of existing treaties even in the event that this was desirable.

## Seven Steel Firms May Combine

YOUNGSTOWN, O., April 3.—The next two weeks will decide whether seven independent steel companies will combine, according to James A. Campbell, president of the Youngstown Sheet and Tube Co., who returned today from a vacation at Hot Springs, Ark. Mr. Campbell said, however, that with better business the companies were becoming more independent in their attitude, adding that increased orders were not conducive to a merger agreement.

He said he had never had much hope that the proposed merger of his company with the Inland Steel Co. and the Steel and Tube Co. of America could be arranged. This plan is now regarded as definitely dropped.

## STRIKE BEING CONDUCTED IN ORDERLY MANNER

### Bullets Hailed Around Miners

BECKLEY, W. VA., April 3.—The first shooting in the West Virginia mine fields since the strike was called was reported from Royal, Raleigh county, today. A car filled with miners was fired upon from the Fayette side of New river, and while bullets fairly hailed around them and the clothing of one miner was pierced, none was hurt.

Captain Norton, commanding a detachment of the state police here, sent a number of troopers to Royal with instructions to round up the attacking party.

The men were being taken to their work in the Royal mine in a car on the incline, when shots came from the other side of the river, which is the boundary at this point between Raleigh and Fayette counties. The bullets came so fast, the men said, they thought a machine gun had been turned in their direction. Reports to the New River Coal Operators' Association were that one shot passed through the coat and shirt of Horace Crosby, a miner, but did not hit him.

The men jumped from the car and hid in the woods until the firing stopped. The mine also worked Saturday, the day the strike was called.

(By the Associated Press)  
SUSPENSION of work in the union coal mines of the country virtually was complete today, according to reports from union sources, and claims were made that the miners' cause had been strengthened by walk-outs in some non-union districts.

President Lewis, of the mine workers, told the house labor committee that resumption of work depended entirely on operators, whose refusal to confer, he said, provoked the suspension.

Miners claimed complete tie-up in New River fields of West Virginia, non-union territory heretofore.

Seranton anthracite mining district reported suspension 100 per cent effective, with 70,000 men.

Miners' officials asserted 4,500 men had joined the walk-out in the Panhandle district of West Virginia, but officials representing the operators said very little progress toward suspension had been made in any West Virginia non-union fields.

Geological survey announced bituminous production of eleven and one-half million tons in week ended March 25, confirming the survey's forecast of 63,000,000 tons in consumers' hands April 1.

Kansas operators made no efforts to open mines pending separate meetings of miners and operators in Kansas City today to discuss industrial court's order for 30-day continuance of old working arrangements.

## Prospects Of Long Strike

COLUMBUS, O., April 3.—(By the Associated Press)—Ohio miners remained closed today, the beginning of the third day of the strike of the United Mine Workers, with prospects of a prolonged suspension.

If any move is made looking to a settlement of the strike, it will probably come out of Washington, where President Lewis, of the miners, is now in conference, according to local miners' officials.

State officials are taking no hand in the matter. No efforts toward bringing the miners and operators together will be put forth by them, it was said. Officials of the state department of industrial relations reported a marked increase in the number of men being placed in employment through the state free employment bureaus. Work was getting more plentiful and the strike of the miners will furnish men for the labor market, it was said. Many of the miners now on strike are seeking employment in industrial centers.

NEW YORK, April 3.—(By the Associated Press)—Agitated because she had learned her aged mother in Tompkinsville, Ky., had heard at last of her plight, Miss Olivia M. Stone resumed the witness stand for further cross-examination today at her trial for the murder of Eliza Guy Kinkead, former corporation counsel of Cincinnati.

## Olivia Stone On Stand Hears That Aged Mother Learns Of Her Plight

Attacks Her Story  
Assisting District Attorney Warhase proposed his attack on her story of betrayal by Kinkead, by demanding whether she knew James K. Clark, former United States attorney, at Cincinnati.

"I don't know him, I don't know him," Miss Stone cried, bursting into tears.

"I'd rather you'd take my life than keep hounding me this way!" Court was adjourned for ten minutes while Miss Stone regained her composure.

Then Mr. Warhase pointed out Mr. Clark, who sat in the court room, and repeated his question.

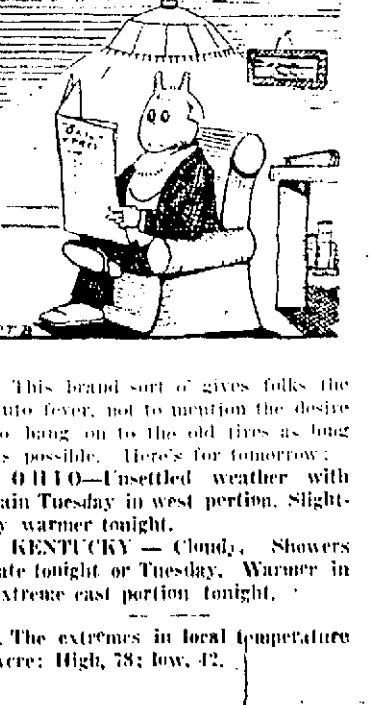

MISS Stone insisted she did not know him.

Opening his easy Mr. Warhase had indicated Clark would be asked to testify concerning a Mann act charge Miss Stone sought to bring against Kinkead, Clark, he said, declined to press the charge, telling Miss Stone there was better ground for such a charge against her.

## BURGLARS VISIT DAVIS DRUG CO; FAIL TO OPEN FIRM'S BIG SAFE

Burglars visited The Davis Drug Company establishment, 518-520 Second street, some time between Saturday evening and Monday morning, when the invasion was discovered upon members of the firm appearing to open the place for business.

The robbers smashed a glass in a rear door and entered through the opening and an investigation revealed that an unsuccessful attempt was made to "jimmy" the steel safe which contained only a small amount of money, it was stated. Failing in this task the burglars broke open the cash register but it contained only fifty pennies and the coins were not molested. The visitors then evidently turned their attention to the stock of drugs which was found disarranged on all three floors, but Will Brandel, manager of the firm, stated that he had been unable to determine what goods, if any, were carried away and indicated that it would be next to impossible to ascertain that fact as the firm carried no current inventory of its stock.

A broken lock was sufficient evidence that the robbers had entered a separate room on the third floor in which high priced perfume was stored and it was believed that some of the large containers were missing and it was also thought that several cartons of cigarettes were also taken.

The investigation of the robbery led the police and members of the firm to the belief that the perpetrators of the job were local persons well acquainted with the building as the invaders used the tools of the firm in attempting to open the safe and in breaking locks on doors.

The police on being notified visited the scene of the robbery and are working on a good clue in the case, they say.

### HERE IS NEW WAY TO BOOTLEG

HUNTINGTON, W. VA., April 3.—Huntington's bootleggers sprung a new trick of trade here when large chocolate drops, with centers filled with moonshine liquor, made an appearance.

The new spring style in bootlegging showed that moonshiners have joined business hands with confectioners. The candy was ordinary chocolate drops with hollow centers. A syrup of moon-

shine was used. The candy sported a tremendous kick and was "going big" when the police stopped it.

Confectionery establishments are under observation as a result of the disclosures.

The candy was sold on the main streets in boxes. Each piece was well wrapped to prevent jolting and to prevent "spilling."

Cardui Helped Relieve a Serious Condition

Ringsdorf, Va., Mrs. D. T. Barker, of a well-known Pittsylvania County family, residing on Route 2, here, says that upon reaching a critical period of her life she was "in a very serious condition."

"I was so weakened until I couldn't get around," she writes. "I couldn't sleep. I was so blue and out of heart. I had no appetite."

"I would . . . try medicines, and grew weaker and weaker, more out of heart every day. I would get up and try to drag around and feel so miserable, and creep back to bed."

"My husband bought me Cardui. I thought the first bottle helped me, and when I began the second, I knew I did. I kept it up, each day growing a little stronger, a little more like my former self, and I began to eat and sleep."

"It wasn't long until I was up and around like another woman. No more dragging; no more weak and blue feeling. I cured me. I used seven bottles in all."

Thousands of women have suffered as Mrs. Barker describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui. It troubled with womanly ailments. Take Cardui, the woman's tonic. For sale by all good druggists and advertisement.

### CONGREGATIONAL MEETING TONIGHT

Election of church officers and reports of the operations of organizations in the church for the last year, will constitute the business to be transacted at Second Presbyterian church tonight. The meeting is called for 7:45 o'clock. There are several officers from the different boards of the church whose terms of service expire at this time. Among the elders there are four expiring, and one vacancy as a result of removal from the city. The four elders whose terms expire are: Mr. C. E. Dowling, Mr. A. C. Williams, Mr. H. A. Wright and Mr. George H. Cardy. On account of the resignation of Mr. W. L. Leonard there will be a vacancy to fill for the period of one year.

Four deacons will go out of office. They are Mr. A. T. Littlejohn, Mr. Arthur Knowles, Mr. Clyde Barber and Mr. Drew Leonard.

On the Board of Trustees there are also four men who have served the three years constituting a term of office. They are Mr. H. H. Byars, Mr. Wm. S. Hollenbeck, Mr. Paul G. Williams and Mr. C. E. Nodder.

Reports to be read will reveal some interesting facts. The past year has unquestionably been a good one for the church in every way. Every organization in the church shows a gain in membership. This is true of the church services, Sunday School, and the young people's organizations. You will be interested in this meeting and are urged to come, only by knowing of the progress can you be interested in it.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Can you tell me what the laws of California are in regard to when a man dies with a will, leaving no children and what length of time does an administrator have to settle an estate in that state.

A READER.  
According to the laws of California if a man dies without a will having no children, the widow takes one-half of the estate, the residue being taken by other relatives in the manner and proportion in which they take the entire estate when the decedent leaves neither widow nor descendants. I'm not sure about the time allowed an administrator in California, so would advise you to consult an attorney at there, or write to the Attorney General of the state, Sacramento, California, for definite information on this subject. In Ohio and most of the states, the time allowed an administrator is one year, or eighteen months unless for good cause further time is allowed by the probate court.

Dear Dolly—I am a resident of Kentucky and I want to know what provisions, if any, the government has made to help farmers who haven't enough capital to carry on their work. I heard there was a law whereby we could get help to tide us over until we could sell our crops. Can you tell me anything about this law? When was this law passed?

KENTUCKY READER.  
The act authorizing the War Finance Corporation to advance more than \$1,000,000,000 United States Government credit to producers and dealers in agricultural products was approved by the President, August 24, 1921. Aid may be given up until July 1, 1922, so if you need help, better not wait until the time is up before applying for it. You can borrow money under this act for a period of three years. All advances made shall be against promissory note or notes, or other instrument or instruments, in writing imposing on the borrower a primary and unconditional obligation to repay the advance at maturity, with interest as stipulated therein, with full and adequate security in each instance by indorsement, guaranty, pledge or otherwise. If you will call on your banker he will explain the matter to you and arrange for your loan. If that is what you want.

Dear Dolly: What do you think of a man who will by around all winter and let his wife make the living? She has been taking up orders and selling things on commission while he takes it easy. Don't you think she is foolish to live with a man like that?

N. C. R.  
If the wife is satisfied to live with him and work for him, that settles the matter so far as anyone else is concerned.

SYMPATHIZER.—If you will send me the name and address for reference, I will publish your letter. What you said does not prove anything, and I don't want to get myself into trouble by insinuating something I can't prove. Your name will not be used in connection with the letter.

Will the person who asked about British Columbia please phone or send their question to me again, as I lost the first one.

## IN SOCIETY

Musical lovers of Portsmouth will be given another opportunity to hear Paul Whitman's famous orchestra of New York City when they play a return engagement at the Winter garden on Gallia street, Thursday afternoon of this week. Mr. Whitman will present his "Romance of Fidelity," assisted by his royal ten-piece orchestra on this occasion. This orchestra proved quite popular during its recent visit to this city and those who heard it before are anxious to hear it again. There will be a concert in the Winter Garden, Thursday afternoon from 2:30 until 5:30 o'clock and a dance from nine until one o'clock the same evening. Mr. Whitman's orchestra has just completed a week's engagement at the Sinton Hotel in Cincinnati and a week's engagement at the Capital Theatre in Louisville, Ky. They are also scheduled to fill an engagement in Huntington this week.

The little son recently born to Mr. and Mrs. John P. Scott of 738 Eleventh street has been named Harold Eugene.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

Up started Nancy and Nick over the Chocolate Mountain

It all happened just as the red-feather pen had written. When Mr. Sprinkle-Blow, the Western man, sent a hard rain, the Elderdown Mountain began to flatten at once. Soon it was, indeed, as Mr. Sprinkle-Blow had said it would be, as flat as a banana fritter. Nancy and Nick pulled on their goshies, which they had found beside a bush when they went back, and walked across the mountain as easily as you can cross the street. But the minute they had reached the other side, the rain stopped, the sun came out, and those teethers puffed up mid the mountain with its blue plush cover, "was as high as ever."

"That's four of them," said Nick with a sigh of relief. "Only three more mountains to cross. Let's see what's the next one?"

"There it is," pointed Nancy. "You can tell to look at it what it's made of. It's the Chocolate Mountain."

"Mm! Yum!" laughed Nick. "I wonder if we're allowed to eat any?"

"I think we should be glad if we can get over it," said Nancy. "If we don't hurry up and stop having troubles, Princess Therma will think we're not coming and she'll marry somebody else."

"I wonder what the message is the record has to tell," remarked Nick, looking down at it curiously. "I wonder whether it's King Verlo of the Hiddyevers or King Verlo of the Korksnotts that Longhand says is the handsomest and whom she must marry."

Off in her Palace of Mirrors the Princess Therma was regarding them sadly. It didn't matter to her what the record said. She hated blue hair and she loathed green boards, and these two kings had both.

Up started Nancy and Nick over the Chocolate Mountain. The thousand years were nearly up.

The Winter Garden Swimming Pool will open the spring and summer season this evening at seven o'clock, with Mrs. Bertha Englebrecht and her daughter, Miss Dorothy Englebrecht, in charge. The pool will be open every afternoon and evening from now on, and will be conducted along the same lines as last season. One night will be arranged for women only, one night for men and another night for married couples. There will be a chaperone at the pool both afternoon and evening, and a woman attendant. An expert swimmer will also be on hand to look after those who are not familiar with the water. Spectators will be welcome this evening.

The following from the Washington, D. C. society notes in Sunday's Cincinnati Enquirer will be read with interest, as Mr. Gableman is a former resident of this city. He is the son of Mrs. Philip Gableman of Baid avenue and a brother of Mayor William N. Gableman, Walter and J. Wesley Gableman.

"The Counselor of the Russian Embassy and Mme. de Bach entertained a company at dinner last Monday evening in honor of Miss Ellen Rogers and Edwin W. Gableman, both of Ohio, who will be married April 22, in Hillsboro, Ohio, at the home of Miss Rogers' parents, Mr. and Mrs. John W. Rogers. Miss Rogers remained over in Washington this week and will arrive at Hillsboro tomorrow, to remain until after the wedding. Representative and Mrs. John A. Cable of Lima, had a company at dinner last Sunday in honor of Miss Rogers and Mr. Gableman."

Announcement of the engagement of Miss Myrtle Greishmer, daughter of Mr. and Mrs. William Greishmer, of Chillicothe, and John D. Berthly, also of Chillicothe, was made at a pretty card party given by her parents Friday evening. The bride-elect is well known in this city.

## A Careless Habit

Don't buy a can of baking powder without knowing the exact weight of the contents—it's a careless habit and an expensive one.

Some baking powders are now put up in 12 oz. or 3/4 pound cans instead of 16 oz. or full pound cans as formerly. Your eye may not detect the difference in the size of the can—so always look at the label—know that you are getting 16 oz. or a full pound when you want it.

Remember when you buy Calumet Baking Powder you get 16 oz. — a full pound. The one pound size of Calumet has never been reduced.

That's one reason millions of housewives prefer and use Calumet. They also know that it produces pure, sweet and wholesome foods.

Calumet is the largest selling brand in the world — buy it — try it.

Mrs. Herman Stammer and daughter, June Mae and Leah Alice, of 1336 Lincoln street, and Miss Elizabeth Taylor of 1728 Gallia street, left Friday for Logan, W. Va., where they will visit Mrs. Stammer's parents, Mr. and Mrs. John Stammer.

The Ladies' Aid Society of the Jewish Temple will hold a rummage sale at the corner of Eleventh and John streets Friday and Saturday of this week. The proceeds of the sale will be added to the building fund of the new temple.

Jesse D. Doyle, general manager of the International Harvester company, with headquarters in New Orleans, La., is visiting his mother and sister, Mrs. Doris Doyle and daughter, Miss Alice Doyle, of Glover street.

Surface Coal Mines In Belmont,  
Jefferson, Harrison, Monroe Counties  
To Stop As Organization Completed

COLUMBUS, O., April 3.—(By the Associated Press.)—Operation of surface coal mines in sub-district No. 5, comprising Belmont, Jefferson, Harrison and Monroe counties, in the eastern Ohio field, was expected to cease today, following yesterday's announcement by Sub-district President Frank Ledvinka that those mines had been almost completely organized.

Declaring that all excepting one of these operations, where coal is obtained by "stripping" them with a steam shovel, had been organized, Ledvinka said they would not open today. They produce approximately 3,000 tons of coal daily.

With miners leaving the coal fields to obtain employment elsewhere, quiet has prevailed in all districts. Not a single case of disorder has been reported from any Ohio field since union miners answered the nation-wide strike call at midnight last Friday. Miners' officials say they find the morale of their men good and that they are determined to refrain from work until a new wage scale is drafted.

Indications today were that there would be no attempt on the part of operators to open the mines at least during the present week.

## Quiet in Eastern Ohio

RELAIRE, O., April 3.—While absolute quiet prevailed today in this mining district in eastern Ohio, where more than 10,000 union miners answered the strike call last Friday night, there was considerable activity about union headquarters, where large delegations of workers from the pubic district in West Virginia came to take aid in organizing the district.

# WAVERLY GIRL KILLED WHEN HIT BY PORTSMOUTH DOCTOR'S AUTO

WAVERLY, Ohio, April 3.—The most deplorable automobile accident in Waverly's history occurred at the south end of town on the "School" trail yesterday afternoon. At five o'clock when fourteen-year-old Margaret Willson had her life snuffed out by an automobile driven by Doctor Geo. B. Brown, of Portsmouth,

Margaret, in company with Maude Benson, was returning home from a Sunday afternoon stroll when the accident occurred. As they walked up the hill near the residence of Roda Greer, Franklin Conger also came up the hill behind them riding a horse. Thinking to scare them young Conger shouted to them as he came up close

behind them. The startled girls jumped over in front of the automobile which had approached unnoticed from the rear. The fender of the machine struck Margaret on the back of the head and Maude narrowly escaped being hit. She was picked up unconscious and carried into the Greer home. Dr. O. C. Andre and Dr. Robert Andre were called and they did everything in their power for the unfortunate girl but she never regained consciousness. Her skull was found to have been crushed at the base of the brain, probably where the fender struck. Two hours afterward she died.

Dr. Brown, the driver of the car, helped carry the girl into the house, but did not remain long, saying he would be of no assistance. He said he was not traveling fast.

The whole town of Waverly is saddened by this tragic death. The deceased was one of the finest girls in the village, coming from one of our best families. She was a Freshman in High School and a leader in her class. She was the daughter of Mr. and Mrs. L. W. Willson of Sixth street. Mr. Willson is a mail clerk on the N. & W. Besides the parents four sisters and one brother survive.

The funeral will be held Wednesday morning.

Dr. Brown stated to The Times today that he and a party of friends were returning from Chillicothe when the fatal accident occurred. He was driving and in an effort to avoid hitting the girl swung his car to the other side of the road and went down into a ditch. According to Dr. Brown the child seemed to make a final plunge to reach the side of the road and slid right up against the front wheel which struck her head but did not pass over it. Dr. Brown remained at the home with Dr. Andre of Waverly for about two hours.

## Confirmation At All Saints' Church

Before a large congregation which practically filled the spacious edifice, the Right Rev. Dr. Reese, Coadjutor Bishop of Southern Ohio, administered the Sacrament of Confirmation to eighteen candidates at All Saints' church last night.

All present were deeply impressed by the reverence and dignity of the service. Dr. Reese in his address to the congregation, which preceded the administration of the "Laying on of Hands," took occasion to speak of the splendid record made by the parish under the constantly increasing difficulties created by the bad location of the church and parish house. He mentioned the fact that last year the people of All Saints' subscribed more

money for home and foreign work than ever in their history. He paid a graceful tribute to the work of the rector who will soon complete twenty years' service in this parish and alluding to the delay in the campaign for a new church caused by the industrial depression of the past year, he stated that in his judgment as bishop, Wardens and Vestry ought to proceed at the very earliest justifiable opportunity with the plans for a new church. After the choir and congregation had sung with united feeling the beautiful hymn "Just as I am," the Rector presented the class to the Bishop sitting in his throne at the east end to the church. The sight of the men and women, boys and girls, kneeling one by one before the successor of the Holy Apostles of the Lord to receive the gift of the Holy Spirit was one never to be forgotten. All who saw it were

deeply touched and during the imposition of hands not a sound could be heard but the sympathetic voice of the Bishop. In his address to the class he spoke of their receiving the Christian's inheritance, of the character impressed upon the soul by the sacrament, and of the fact that it could never be repeated without sacrilege. As a fitting climax to a most impressive service Mrs. H. C. Hugh sang with much taste and feeling the solo "Like as the Hart Desires the Waterbrooks." Miss Louise Evans, organist of the church, discharged her duties in a manner that left nothing to be desired and as the last notes of "God Be With Us Till We Meet Again," sung by Mrs. Hugh after the solemn benediction of the Bishop had been given, died into the silence, all present were sure of the fact that God had indeed been present in His Holy Temple.

## Carmi A. Thompson Expected To Be Avowed Candidate For Governor Before End Of Week

COLUMBUS, O., April 3.—(By the Associated Press.)—Political friends of Carmi A. Thompson, of Cleveland, said today that they expected the former Ohio secretary of state to become an avowed candidate for the Republican nomination for governor before the end of this week.

Four Men Have Hats In So far, four men have announced their candidacies for the Republican nomination, while only one Democrat has announced. The lone Democrat is A. Vic Donahay, former auditor of state, who obtained the nomination two years ago only to be defeated by Governor Davis.

The four Republicans who have announced are Harvey C. Smith, of Zanesville, now serving his second term as secretary of state; R. H. Beetham, of Cadiz, speaker of the Ohio house of representatives; State Senator Arthur H. Day, of Cleveland, author of the Ohio Soldiers' bonus law, and C. Homer Durand, of Coshocton.

Knights Expected To Follow Suit The Associated Press—Political friends of Congressman Charles Knight, of Akron, expect him to weigh in soon, thereby adding to the field of Republican starters.

Secretary of State Smith, who announced Saturday night, declared he was submitting his candidacy upon his official record and that it elected he would strictly enforce all laws "without fear or favor."

Other Candidates Have Aspirations State Senator Roland W. Davis, of Hamilton, announced Saturday night that he is a candidate for the Republican nomination for lieutenant governor.

C. Gilbert Taylor, state representative from Huron county, has announced his candidacy for the Republican nomination for secretary of state, making the third Republican candidate for that office. The others are Lieutenant Governor Charles J. Brown and Edward Hughes, parliamentarian of the Ohio house of representatives.

## TIPS ON BUSINESS

BY ALBERT APPLE

The coal strike already has increased the nation's fuel bill. Orders that normally go to unincorporated fields now are shifted by brokers to corporation mines, especially West Virginia. Replenishment of supply in the longer freight hauls to consumers. Thus increased freight charges have raised the average price of coal paid by consumers at destination. Though orders now can be placed at prices at about the same average price as before the strike.

**COAL IMPORTS:** British coal production continues mounting. Welsh mines expect to export to this country during the next few months. Welsh coal lately has been brought over in ballast. It will find its market along seasonal. Moving into interior, it runs into competition with high railroad rates.

Wales is capable of supplying a fourth of the coal needed in the American market. Her monthly exports now are enough to supply American consumers five days.

**OIL OUTPUT GAINS:** Crude oil production is close to 1,200,000 barrels a week, or about a fifth more than a year ago. Gasoline is retailing at average of a fraction above 21 cents a gallon, the country over.

**FOREIGN TRADE:** Comparing now with a year ago, roughbirds of the decline in exports is in manufactured goods. That is, measured in money instead of tons. February exports of manufactures, ready for consumption \$84,684,296, against \$218,407,245 in February, 1921.

## OBITUARY

**Elaine May Daugherty**

After a several days' illness of bronchial pneumonia the soul of Elaine May Daugherty, four months and eighteen days old daughter of Mr. and Mrs. John A. Daugherty of 3850 Grace street, New Boston, passed on to that land that knows no pain of sorrow Saturday morning at 10:30 o'clock. The baby was one of twins, the other a boy, Elsworth Ray, being seriously ill with stomach trouble.

Besides the parents the following brothers and sisters survive: Theodor, Clarence, Elmer, Charles, Dorothy, Russell, Johnny, Edna Mae, Donald and Elsworth Ray.

Funeral services were held this afternoon from the home at one o'clock with J. C. Harris of the Ohio Avenue Christian church, New Boston, conducting the services.

Burial in Wheelersburg cemetery.

**John Schilling**  
Another of the city's best known German residents died this morning at 7:15 o'clock when the final summons came to John Schilling, at the home of his daughter, Mrs. Henry Thil, Jr., 419 Shinn street. Death was due to infirmities, after a long illness. Mr. Schilling was taken ill late last fall and had been confined to his room most of the time. He was able to sit up a short while and was in his chair awaiting breakfast this morning when the end came so peacefully.

Mr. Schilling was born September 3, 1836 at Bielefeld, Germany, being 85 years and six months old at the time of death. He was united in marriage December 2, 1862 to Magdalena Heindrich in Germany and they came to this country in 1867. He was one of three members of the family who came to America.

Mr. and Mrs. Schilling settled near Powellville where he worked as a miner for some years. Thirty years ago they moved to Portsmouth and spent the remainder of their life here. Mr. Schilling departed this life January 18, 1922.

Mr. Schilling was the father of twelve children, eight of whom are living. They are Mrs. Lena Schilling, Mrs. Henry Thil, John Schilling, William Schilling, and Henry Schilling, of Portsmouth, Anton Schilling of Saginaw, Mich., Fred Schilling of Lakeview, Texas and Mrs. John Miklosky, of Pleasant City, Ohio. He also leaves to mourn their loss twenty three grandchildren and eleven great grandchildren, and a legion of friends.

The deceased has been a long and faithful member of the First Evangelical church and a kind and most considerate father who will be greatly missed.

Mr. Schilling had a host of friends in the city and country who will be sorry to learn of his death. He had made his home with his daughter Mrs. Thil, for a number of years.

Funeral services will be in charge of Rev. Samuel Lindemeyer and burial will be in Greenwald.

**Mrs. Dianna J. Gillett**  
Dianna J. Gillett, daughter of John and Samantha Mussie, born in Lawrence county, O., July 27, 1842 passed away at her home in Olway, March 20 aged 79 years, eight months and two days. She had been ill about five days with cerebral hemorrhage.

The deceased was married to Joel Gillett July 9, 1871, and to this union nine children were born. These have passed on to the Great Beyond while six whom survive are John C. Gillett of Kingston, W. Va., Hayes Gillett of Toledo, Frank Gillett of McMechen, Mrs. A. C. Ryan at home, Mrs. T. H. Bredlow of Probes and Mrs. Frank C. Smith of Cleveland.

Besides the husband and children she leaves fifty-one grandchildren, twenty-four great grandchildren, three brothers and a sister in addition to a host of friends.

She united with the church in girlhood and lived a consistent Christian life. She was a most faithful wife and mother and will be greatly missed. In her declining years she found much comfort in the happy faces and bright smiles of her Sunday school class of little children. Her kindness and love for the little ones was very remarkable. She never seemed to forget them and was always inquiring about them.

Funeral services were held April 1st from the Olway M. E. church with Rev. T. C. Grant, pastor of the church, in charge of the last rites. Burial was in Rushdown cemetery.

**Charles H. Sparks**  
Death about 8:30 o'clock Sunday night claimed Charles H. Sparks, the third youngest son of his home on Wilson avenue, Long Meadow addition, Sciotoville, after a two months' serious illness of diabetes. He had been bedfast two weeks, death not coming unexpectedly to his loved

## Lewis Outlines Coal Strike

(Continued from Page One)  
that would maintain industrial peace and prevent public inconvenience. Two year agreement signed during 1920.

"In a joint conference held in the city of New York on the 21st of March, 1920, a two year agreement was signed covering wages and working conditions in the mining industry for that period. In this basis agreement appears the following provision:

"Resolved, that an interstate joint conference be held prior to April 1, 1922, the time and place of holding such meeting is referred to a committee of two operators and two miners from each state here represented, together with the international officers of the United Mine Workers' organization."

"This arrangement was a part of the agreement, equally as binding as any other provision, and was duly executed in writing through the attachment of the signatures of the operators and mine workers' representatives. It was a pledge morally as binding as any bond or promissory note ever executed in a business transaction. The mine workers of the country believed that the coal operators signed the agreement in good faith, but now find that they continuously refuse to live up to their agreement. They have refused point blank to do as they agreed they would do. If they were to refuse to liquidate their financial obligations it would be no more dishonorable than their refusal to keep their solemn agreement with the mine workers. On two occasions since the month of December, 1921, the operators have been formally invited by the mine workers' representatives to meet in joint conference at a designated time and place for the purpose indicated in the agreement.

**Miners' Efforts In Vain**  
On each occasion our invitation has been in vain. Mr. H. H. Penna, of Indiana who for nearly two decades has been the chief spokesman for the coal operators of the central competitive field, in a recent public interview said, 'I can not deny that our refusal to meet is a violation of our agreement.'

"In the face of such brazen and uncompromising attitude on the part of the coal operators, the mine workers had no alternative but to quit work when the agreement expired and invite the making of another agreement fixing their schedules of wages and governing their conditions of employment."

**Blame Rests On Operators**  
"It is recognized by all thoughtful men that in the end an agreement must be effected through the accepted representation of the organized workers of the country and it is particularly unfortunate that hundreds of thousands of men must be withdrawn from industry to the detriment of the social and economic well-being of our country before a joint conference can be held or an agreement negotiated. The responsibility for this condition must rest clearly upon the shoulders of the coal operators, who have flagrantly and arrogantly refused to carry out their obligations and meet the mine workers in joint conference. Their attitude should rightfully bring down upon them the moral censure of an outraged citizenship. The public can follow its own reasoning in defining the motives of the operators. Whether it be their mere desire to further enrich their own swelling coffers or whether it be their futile hope to destroy the United Mine Workers of America and beat the miners backward, it is equally reprehensible."

"Despite the failure of our previous attempts to secure a meeting with the coal operators for the purpose of negotiating a new agreement, the mine workers are still ready to meet at any time such a meeting is possible."

## THE MARKETS

## NEW YORK STOCKS

NEW YORK, April 3.—Last week's demand for Mexican and California oils was resumed at the active and strong opening of today's stock market. Early quotations for Mexican and California oils were 11 1/2 to 12 1/2 cents. Associated Oil rose four points and Houston Oil was absorbed with several of the low priced issues. Standard and Tires-Arrow continued to feature the motors and Mercantile Marine preferred, Davis Chemical and St. Paul preferred were strong.

Standard and United States Steel were among the prominent issues to register new high prices for the year in the first hour. Independent steels notably Crucible, Vanadium and Nova Scotia rose 1/4 to 3/4 points. Standard and Oil of N. J. joined the strong leaders of that group, gaining 1/2 point, and Tires-Arrow 1/4 point. Standard last week's gain, aside from Canadian Pacific and Delaware and Hudson, which rose one point each, buying of rails again centered in the junior western group, especially Chicago and Alton preferred and Toledo, St. Louis and Western preferred. Call money opened at 1/4 per cent.

On the largest dealings of the year the stock market today resumed its recent advance. New high records were made by various rails and industrials at gains of 1 to 4 points. Sales approximated 1,250,000 shares.

## Woman Walks Away From Jail; Caught

A most unusual sight in Shalstown (Front and Mill streets) Sunday morning was the appearance of a partially clad colored woman who was beating a hasty retreat up Front street. The fugitive was no other than Hattie Wright, 26, arrested Saturday evening for fighting with another colored woman in the vicinity of Twelfth and Union streets.

Sunday morning about 8 o'clock while Desk Sergeant Dan Miller was feeding the prisoners he shut the door to Hattie's cell for a minute or two without locking it and during the minute or two Miller was busy elsewhere Hattie escaped from the jail walked down the alley at the side of the jail to Front street and east on Front street with several policemen taking up the chase. She was finally located in an alley near Front and Gay streets and returned to jail. She again sent forth her loud yell "I wanta go home."

She had her shoes and stockings off for the night and did not take time to put them on when she had a chance to escape.

Commissioners in Session

County Commissioners were in session Monday and the members spent the day chiefly in signing vouchers and approving the regular semi-monthly schedule.

Adjudged Insane

Miss Nettie McCall, 45 years old, of Morgan township, near Sedan, was adjudged insane in an inquest held in probate court Monday and she was taken back home by relatives until the application for her admittance to the Athens state hospital is approved by the officers of the institution.

Dr. D. C. Coleman, of Lanesville, and P. J. Kline of this city were the examining physicians at the inquest.

## Burglars Raid Lackawanna Station

NEWARK, N. J., April 3.—(By Associated Press)—Burglars early today entered the Broad Street station of the Delaware, Lackawanna and Western railroad, took \$2,500 from the safe and escaped.

A small safe belonging to the Western Union Telegraph company also was rifled.

Seeking Equitable Relief

A. B. Plummer seeks equitable relief in action instituted in Common Pleas court Monday through Attorney Miller, Skelton and Johnson against James H. Ackers and Alice Layne.

In his petition the plaintiff asserts that in March, 1921, the defendant Ackers entered into a contract to purchase his farm of 235 acres situated in Bloom township for \$5,000, paying \$1,500 in cash and giving six notes for the deferred payments. The plaintiff complains that Ackers has neglected and refused to pay the first note now past due and that he has abandoned the farm and left Ohio, now being located in Waverly, Washington, and created the premises to the defendant Layne.

In his prayer the plaintiff asks that the contract may be forfeited and that the real estate be awarded to him or in the alternative have judgment for the sum of \$2500 and the farm sold and the proceeds applied to the payment of the judgment.

Fined For Contempt

Frank Bates, of Sixteenth street, was adjudged guilty of contempt by Judge Thomas in Common Pleas court Monday for failing to respond to a subpoena Saturday and testify in his own behalf in the suit for divorce brought against him by his wife, Flossie Bates, of Waller street. Bates was fined \$1 and costs which he arranged to pay and was released from custody.

## Kirkendall Trial Tuesday

The petit jury will come back for service in Common Pleas court Tuesday morning when Amos Kirkendall, Rushdown man, will be brought before Judge Thomas under an indictment charging him with manslaughter in the killing of Charles "Frenchie" Levermore, will be put on trial Wednesday morning.

The state claims that Powers is responsible for Levermore's death which occurred on February 18 last, and which was caused by a skull fracture sustained. It is contended, when the officer knocked Levermore down with a fist blow.

The defense denies that the fatal injury was inflicted by the officer, and that the accused is in any way to blame in the death of Levermore, who it is said, was intoxicated and shortly before had engaged in a fight with another man. He was in the custody of the officers at the time it is claimed the fatal injury was inflicted.

## Temporary Injunction Dissolved

Judge Thomas sustained a motion following a hearing in Common Pleas court Monday dissolving the temporary injunction in the divorce and alimony suit of May Light against William C. "Unc" Light, which prevented the defendant from going about his home on Mill street.

Light denied the plaintiff's charges and contended that she was the ac-

cessor in the trouble which resulted in their separation a few days ago.

## Five Indicted For Manslaughter In The Knickerbocker Disaster

WASHINGTON, D. C., April 3.—(By the Associated Press)—Five of the nine men held by the coroner's jury as responsible for the collapse January 28 of the Knickerbocker theatre with the loss of 98 lives were indicted today by the grand jury on a charge of manslaughter. The other four men were exonerated by the grand jury, their connection with the construction of the building being considered not sufficient to make them criminally liable.

Those indicted are: Reginald W. Geare, architect of the theatre; John Howard Ford, of the Union Iron Works, who revised the original plans for the steel pool structure; Donald Wallace, general foreman for Frank L. Wagner, contractors for construction of the theatre; Richard G. Fletcher, foreman for the Hamilton Fireproofing Company, which had the subcontract for cement and mason work; and Julian B. Downman, assistant building inspector during the period of the theatre's construction.

## Reds May Train In Florida Next Year

If the Reds return to Texas next year for their spring training they will all be glad to go back to Minnie Wells, where they were most hospitably treated in every way by the baseball people and all others with whom they came in contact.

Everything possible was done to make their stay in the big state a pleasant one. The Chamber of Commerce at the Wells lived up to all of its engagements, and then some and hospitably regaled supreme all over the little resort town.

The boys met the same sort of treatment in Ft. Worth and Dallas

when they visited those cities to play exhibition games. Not a single unfortunate incident marred the stay of the team in Texas. But there is a serious defect to nearly all locations in the big state for training camps, and that is the high winds which almost invariably blow over the ball fields from the huge plains in the West.

Texas is a flat country, for the most part, and the wind has plenty of space in which to gather its forces. In nearly three weeks' stay down there there were only three days on which the wind did not blow at least half a gale.

Manager Moran firmly believes, and so do most of his players, that Florida offers the best advantages for baseball training. It seldom rains there and the prevailing winds are mild.

It was not the fault of the Florida camp that the Reds failed to repeat in 1920. The team has trained three times in Florida in more or less recent years, once at Jacksonville, once at St. Augustine and once at Miami. If Manager Moran has his way next year he is very likely to insist on going to one of those locations for the good of the club.

## Fans Anxious To Glimpse New Players

CINCINNATI, April 3.—The Reds are starting on their last week of training and the fans will have only a few days more to wait before glimpsing the club in action.

The team plays five important engagements with the strong American Association teams at Indianapolis and Louisville this week, and will be here next Sunday for its first home game of the season. In the first home game the opponents of Moran's young men will be the Boston Americans, who are coming all the way West for

the single contest with our boys.

This game will give the fans their only line on the Reds before the opening of the championship season on April 12, and there will doubtless be a big house to greet the boys returning from the South, for there is intense interest in the work of the new players this year.

The prediction is made that the rookies will not be disappointed in the showing of the new men on the club. Great interest, of course, will attach to the first appearance here

in their uniforms of George Burns, in center field, and Jimmy Caveney and "Eddie" Threlk, on the left side of the infield.

Burns is a familiar figure at Redland Field, where he has played in something like ninety or one hundred games as a member of the New York Giants. George was with the Metropolitans for 10 years, for a regular, but the first of which he was a regular. He never played with any other major league club until this spring.

The Chillicothe News-Advertiser says:

"Fans of the fist game will see a real ticket, one that will keep them on the edge of their seats, when they pack into the Majestic theater, on Friday, April 21.

The feature attraction should be sufficient in itself to fill the house, for Jack Wolfe, of Cleveland, and Bernie Hahn, of Wheeling, W. Va.,

have met the best men in the bantam division.

"Beside this fight the second main go between 'Chuck' Ryan of Cincinnati and Harold 'Young' Webb of Dayton will be of such interest as to draw scores of fans here from all parts of the state.

## Illinois Coach Has Brand New Idea For Football Game

Coach Zuppke, of the University of Illinois, football team is an original.

The Illinois mentor has added to Coleman R. Griffith, an associate professor in psychology at the university, to the faculty advisory board of athletics.

For years athletic teams at the University of Illinois have worn blue jerseys. It is with the loss of the athletics Zuppke decided to experiment.

Last season when Illinois met the State in the final game of the season, the eleven had not worn a blue jersey.

In fact, had not scored a touchdown against a Western Conference eleven.

When the Illinois team trotted on the field the spectators first gasped, then laughed.

Instead of the usual blue jersey a regulation headgear of black or red leather the Illinois athletes wore a waist line up were a combination of bright yellow and

away. Evidently that was what Zuppke wanted. Illinois won that game, upset the dope, and kept Ohio State from winning another Big Ten championship.

Illinois made a spectacular forward pass in that game that decided the issue. Zuppke believes the bright yellow color that adorned the headgear and jersey was largely responsible for the success of the winning play.

This fall Zuppke is going even further. This fall the headgears and jerseys will be a blending of orange, tawny yellow and white.

The change is ordered by the simple physiological fact that, in looking from the corner of the eye, it has been proved that only certain colors are visible.

Thus the football star in picking a man for a pass will be greatly aided by the rainbowlike dress of his teammates.

Practically all farm work in Switzerland has been done by electricity.

## Keep To The Right

"Why do you turn out for every road hog that comes along?" said the missus, rather crossly: "The right-of-way is ours, isn't it?"

"Oh, undoubtedly," answered he calmly. "As for our turning out the reason is plainly suggested in the epigraph which appeared in a newspaper lately:

"There lies the body of William Jay, Who died maintaining his right of way;"

He was right, dead-right, as he spelt along.

But he's just as dead as if "he'd been wrong."
